

they have the constitutional right to do, and if the people in their awesome majesty, and I mean that with great respect, see fit to change the law, the people can do it. If the people see fit in their awesome majesty to repeal the law, the people can do it. This is the people's issue. The people in a sense said we wish our social fabric in our state to look in this fashion, as many family farms and family ranches as this state could countenance limited corporate ownership. The people had a sense for our future economically and socially. Now if the people's vision changes, and it may, and it certainly can, then the people can effect the change. The reason we can't find a majority in this Legislature for repeal, for change, or status quo, is because we all know the issue belongs not to us but to the people. I support the bracket motion.

PRESIDENT: Senator Higgins has a point of order. A question, yes.

SENATOR HIGGINS: Mr. President, I just wanted to know, the motion to bracket, does it have a date?

PRESIDENT: No, it does not.

SENATOR HIGGINS: It doesn't say to bracket until tomorrow or the next day or the day after, no date at all?

PRESIDENT: No. I think you may assume that it would be indefinitely but that word is not in our rules.

SENATOR HIGGINS: Thank you, Mr. Speaker, or Mr. President.

PRESIDENT: The motion is to bracket LB 300 and the arguments...LR 16, excuse me, a little bit popular misspeaking here. All right, the motion is to bracket LR 16, constitutional amendment. All those in favor vote aye, opposed vote nay. Have you all voted? Please record your vote aye or nay. Have you all voted? Have you all voted? Record the vote.

CLERK: 36 ayes, 6 nays to bracket the resolution.

PRESIDENT: Okay, the motion carries. The bill is bracketed. Then we proceed on the agenda. Do you have anything for us at the present time, Mr. Speaker?

CLERK: No.
